SHARING LIFE

ANNUAL REPORT

2021-2022

SHARING LIFE

The only worthy giving is the giving till it hurts.

MESSAGE

FROM THE TRUSTEE

It gives me great satisfaction to be able to give this message at the end of the financial year 2021-22. It was a year which saw the birth of our cherished aspirations, a year filled with trepidations and hope, joy and fear, anxiety and fortitude all in equal measure.

When we started our foundation on 21st August, 2021, we were stepping into the unknown with the firm knowledge and belief that this foundation would be sustained, not just on our merits and strength but on the prayers and support of a large number of people who backed us. It has been a year when we have learned as much as we have contributed to the learning of others. Forged in the crucible of the covid pandemic, we have had our work cut out for us from the word go.

Street children, people with dire financial needs, rag pickers, orphans, we had a spectrum of needs that needed to be addressed. I am glad to inform that we were able to contribute to the alleviation of those needs to some extent. Through a network of team members spread across the country, we were able to establish outreach and provided relief through psychosocial support and distribution drives during these trying times. Much needs to be done and we are confident of achieving those goals on the back of the strength of our supporters through their prayer and help.

MESSAGE

Our donors played a pivotal role in supporting us towards undertaking collective action to tackle the situation. In addition, the trust displayed by our individual donors in the approach and response of LOG Foundation is highly appreciated

We are in the midst of very challenging times and the road ahead is long and rough. I trust you will continue to support us on this journey towards providing a modicum of dignity for those who have been forgotten by the society, whom apathy have gathered for her own. Together, I am convinced, we can build a better world for these individuals with amazing potential and bring them forth to be fabulous citizens who can contribute value to our society.

With gratefulness for the past and with a vision for the future, I present to you our annual report.

INTRODUCTION

LOG Foundation is a registered public charitable trust which has been set up to support humanity, and for the purpose of undertaking charitable work throughout India, for social upliftment, alleviating human suffering, eradication of illiteracy and poverty, and for undertaking other philanthropic work. We desire to meet people in need at their place and share our resources plus encourage them to take steps towards restoring their life. We are registered under Sec 12 A of the Indian Income Tax Act and donations to us are exempted for Tax basis regulations under Sec 80G for AY 2022-23 to 2024-25.

Charity was a matter of emotions, convenience and sometimes recognition for a major part of our life. However it turned into a conviction when we experienced the Love of God in our lives. LOG Foundation is the structuring of our convictions so that we could make meaningful and visible impact possible in people's lives by standing with them in times of need. Sharing the beauty and hope in life with a purpose and intent to ones in need is our goal.

We are a grassroots level organization reaching out to the most marginalized and the vulnerable, children and families in society. The nature of the intervention and the means of delivery of services is adaptive - changing as per the context, circumstance, and need. Through our interventions we have tried to reach out to the people in need; children in orphanages, giving a ray of hope, supporting and helping the rag picking community of children with a holistic development focus, supporting single parents in bringing up children and support for their education, medical aid for needy people and even helping out with building homes and shelters for the low-income group.

We hope to continue to evolve benefitting more and more children and families in need and eventually leading to more empowered children growing up to be respected and responsible citizens of the country.

COVID SUPPORT

LOG foundation has been able to help and support people who have been affected by Covid and its terrible aftermaths. Grocery support was extended to a needy family in Delhi with 5 months of grocery to tide over the difficult financial situation.

Medical Support

Anirudh was diagnosed with relapsed B cell acute lymphoblastic leukemia. Though a cure existed, the prohibitive cost of almost ₹35,00,000 (upwards of rupees thirty five lakhs) was proving too much for the guardians to bear. It was a target too steep to overcome, but we were able to contribute a small sum towards the corpus.

Hand holding the Vulnerable

LOG Foundation collaborated with Karuna Welfare by sponsoring snacks and meals for 50 children. In an atmosphere where children were cooped inside due to Covid restrictions, it was liberating to be able to have fun and cheer. It was truly, an evening to remember.

Children Education Support

Deepalaya is a renowned NGO intervening in Child Services with specific emphasis on education, and we were privileged to join hands with them in sponsoring 3 of their children with educational support thus ensuring their holistic development and a brighter future.

In partnership with

Children Education Support for Single Parent families

5 single parent families are supported with two year educational & care support for their children in partnership with Promote EduHealth Restore India Forum

REFLECTIONS

As I look back, I can only praise the Almighty for the grace and providence with which He has guided our tentative steps. Of course, much needs to be done. The needs can be overwhelming. Our response can be more immediate, and empathy can be more reassuring. Covid continues its scary march across the world leaving destruction and mayhem in its wake. Unemployment, poverty, hunger and helplessness continues to grip its victims in a stranglehold. Together, we can break the shackles that prevent each individual from reaching their potential. Together we can succeed.

We thank each and every donor who contributed generously to our call and made it possible to intervene with compassion and resources to the needs that arose. We look forward to more donors coming forward to help with intent, prayers and contributions in all kinds. The contributions are tax **deductible as per Section 80G** of the Income Tax Act, Govt. of India.
