TO WHOMSOEVER IT MAY CONCERN

This is to certify that Master Anirudh G., CMC Hospital No. 528903P has been diagnosed to have **relapsed B cell acute lymphoblastic leukemia**. This is a type of blood cancer. The best treatment option for him would be to undergo allogeneic stem cell transplantation. As he does not have HLA matched sibling donor, the best option for him would be to undergo peripheral blood stem cell transplant with matched unrelated donor (MUD). Since he has a HLA matched donor from the BMST registry he can be planned for a MUD transplant.

The estimated cost of MUD transplant in this hospital is approximately Rs. 35,00,000/- (Rupees Thirty-Five Lakhs only). This can be higher in the presence of unforeseen complications.

Any contribution towards his treatment can be sent via Demand Draft / Cheque drawn in favour of "The Treasurer, Christian Medical College, Vellore" indicating the patient's name with CMC Hospital number (528903P).
